

What can I put in my **FOOD BIN (BROWN BIN)?**

Only the following items are permitted in the food bin. Please do not use plastic bags in the food bins, only GREENSAX or Earth2Earth compostable bags can be used. Our Collection Team **WILL CHECK** your food bin and if any incorrect items or plastic bags are found, your food bin will not be emptied. Please bear in mind that one contaminated bin can contaminate the entire load and cause the load to be rejected at the Composting Facility.
